

## A Month of Grace, New Beginnings & Deep Gratitude

As we enter the final month of the year, our hearts are filled with profound gratitude. December invites us to pause, reflect, and recognize the faithfulness that has carried us through every season. At Life4Kids, this month has been one of unexpected responsibility, tender miracles, and renewed hope reminding us once again that love remains the strongest force of transformation.

This month, we celebrate Harriet, a pillar in our home, and we welcome baby Jayden Lemayan, whose arrival has touched every heart. Their stories reflect the essence of Life4Kids: **a home where compassion becomes action, and where every child receives the gift of safety, dignity, and love.**

## Child Spotlight – Baby Jayden - A Story of Rescue, Hope & Second Chances

A few days ago, Life4Kids received baby Jayden Lemayan, a little boy whose life story has already moved us deeply.

Jayden, a nearly two-year-old child, was abandoned by his mother and left in a heartbreaking state of vulnerability. The Government of Kenya, through the Children's office and the police, has entrusted him to us for protection, safety, and care. This was an emergency rescue we had not planned for, yet

one we embraced with humility and open arms. At first glance, Jayden is tender, quiet, and observant. Behind his innocent eyes lies a story of pain, loss, and abandonment but also the promise of healing and new beginnings. From the moment he arrived, our staff responded with love, comfort, and gentle reassurance. The entire team has been by his side, ensuring he feels safe and cared for.

Jayden represents the very reason Life4Kids exists: to give hope to the most vulnerable children, to those the world has forgotten, but you have not!! We feel honoured to be part of his journey. With time, affection, and stability, we believe Jayden will flourish into a confident, joyful, and loved little boy.

## Celebrating Harriet – Heart of the Home

This December, we honour Harriet, one of the most treasured members of our Life4Kids family. Harriet joined

us seven years ago, bringing with her a deep passion for social work, a strong sense of purpose, and a heart overflowing with motherly love. With a degree in Social Work and years of dedicated service, she embodies compassion in its purest form. To the boys, Harriet is more than a caregiver; she is a constant source of

comfort, wisdom, and strength. She listens with patience, guides with tenderness, and nurtures each child as though they were her own. Her presence brings warmth to our home. These words, spoken often with a sincere smile, capture who she truly is: **"I love the boys, and I delight in taking care of them."**

## A Heartfelt Word of Gratitude – Thank You for an Unforgettable Year

As we close the year 2025, we want to express our deepest gratitude to all our sponsors, partners, and friends. This year, your love has carried us through challenges, rescues, growth, and unimaginable moments of grace. Because of you, children who once lived in danger now sleep peacefully; little hearts that were once afraid now feel safe; dreams have been revived, and hope continues to rise in our home every single day. Thank you for loving these children with such unwavering devotion.

**With love and gratitude,**

Jane Wasike  
CEO Life4Kids Kenya.
