

A Journey of Hope, Restoration & Changed Futures

As we reflect on this month, our hearts are filled with deep gratitude and humility as we witness the incredible transformation taking place in the lives of the children at Life4Kids Kenya. Every child's story reminds us that love, compassion, and faithful support truly have the power to restore hope and rewrite futures.

Brian – From the Streets to University

Brian's journey continues to inspire us all.

Years ago, Brian was rescued from the streets; a young boy facing uncertainty, and a future without direction.

Today, he is pursuing a bachelor's degree in teaching and has successfully progressed to his second year at university. This month, Brian began his three-month teaching practicum, and we are proud to share that his lecturers and supervisors have spoken highly of his dedication, discipline, and excellent performance.

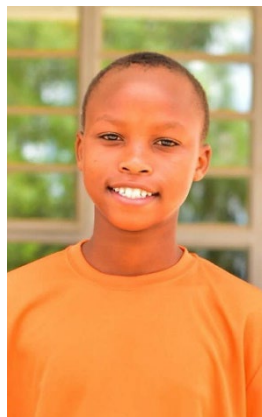

Seeing Brian stand confidently in a classroom today is something that once seemed impossible. Brian's success story belongs to all of you.

Alvin – From Despair to Hope

Alvin's story is another powerful reminder of why your support matters so deeply. Alvin was rescued from the streets after enduring an extremely painful childhood. He survived in terrible conditions among garbage dumps. He lost his mother at a very young age after illness and hardship on the streets.

Today, Alvin is safe, loved, and thriving at Life4Kids Kenya. He is currently in Grade 8 and doing very well in school.

Beyond academics, Alvin has grown into a joyful, kind-hearted, hopeful young boy raised with care, love, and encouragement, in a family that believes in his future.

Thank You for Changing Lives

To our dear partners, donors, supporters, board members, and friends, thank you! Thank you for believing in children like Brian and Alvin. Thank you for choosing compassion. Thank you for standing with us in the work of rescuing and restoring vulnerable children. Your support does far more than provide food, education, and shelter. You are giving children hope. You are restoring dignity. You are creating opportunities where none existed before. You are not simply supporting an organization; you are changing lives forever.
